CZESD 2K7

Invites you for the
International Conference

COASTAL ZONE ENVIRONMENT AND SUSTAINABLE DEVELOPMENT VULNERABILITY, ADAPTATION AND BEYOND February 12-14, 2007

DST Indo-Australian Scientific Meet February 15, 2007

Chair 'CZESD 2k7'

Prof. V. K. Jain

Organizing Secretary 'CZESD 2k7'

Dr. AL. Ramanathan

Co-Chairs 'CZESD 2k7'

Dr. Daniel M. Alongi, AIMS, Australia

Prof. Robert Wasson, Charles Darwin Univ., Australia

Dr. Prosun Bhattacharya, KTH, Sweden

Dr. Thorsten Dittmar, Florida State University, USA

Dr. Bhanu Neupane, UNESCO, New Delhi

Prof. R. Ramesh, IOM, Anna University

Prof. L. Kannan, Thiruvalluvar Univ., Tamilnadu

Scientific Advisory Committee

Prof. Gunnar Jacks, KTH, Sweden

Dr. Joyanto Routh, Stockholm University, Sweden

Dr. Tim Jennerjahn, Centre for Tropical Marine Ecology,
Bremen, Germany

Dr. Adina Paytan, Stanford University, USA

Dr. Anja Nygren, University of Helsinki, Finland

Prof. Rajinder Saxena, Uppsala University, Sweden

Dr. Frank, AIMS, Australia

Prof. Kenneth S. Sajwan, Savannah State University, USA

Dr. Hartwig Kremer, CEO, LOICZ, Germany

Dr. Abhijit Mukherjee, Univ. of Kentucky, USA

Dr. D. Kirk Nordstrom, USGS, USA

Dr. E.I.L. Silva, IFS, Sri Lanka

Dr. D. K. Dutta, Khulna University, Bangladesh

Dr. H. A. Dharmagunawardhane, Univ., of Peradeniya,
Sri Lanka

Prof. V. Subramanian, School of Envi. sciences, JNU

Prof. Chandrasekram, Dept of Earth Sciences, IIT Bombay

Prof. S.C. Santra, Dept of Env. Sciences, University of Kalyani

Dr. T.K. Adhya, CRRRI, Cuttack

Dr. Krishnamurthy, Dept of App. Geology, Madras University

Dr. C. Mahanata, IIT - Guwahati

Dr. M Prithviraj, ESS Division, DST, Govt. of India

Dr Bhoop Singh, NRDMS Division, DST, Govt. of India

Dr S.K. Varshney, ILTP Division, DST, Govt. of India

Dr. S. A. S. Naqvi, MeES, Govt. of India

Prof. S.K Singh, Delhi College of Engineering

Dr A.K. Keshari, IIT-Delhi

Dr. S. Chidambaram, Annamalai University, India

Dr. D.S. Suresh Babu, CESS, Trivandrum, India

Dr. B.S. Choudri, TERI, Goa, India

Prof. A. Balasubramanian, University of Mysore

Dr. Saumitra Mukherjee, School of Env. Sci. JNU

Dr. Ajai, SAC, ISRO

Dr. A.V. Kulkarni, SAC, ISRO

Scientific Sessions

Scientific and Technical Aspects of Coastal Zone

Monitoring system and modeling, Marine habitat assessment, Coastal ecosystem evaluation, Persistent problems i.e. overfishing, eutrophication, habitat alteration and pollution, Coastal engineering, i.e. erosion, shoreline management and sediment transport

Ecological and Ecohydrological Aspects of Coastal Ecosystems

Hydrology and hydro-geochemistry of coastal wetlands, Biogeochemical cycles in coastal systems, Isotopic applications in biogeochemical assessment in coastal systems, Biological aspect of Coastal ecosystem, Tsunami impact on coastal wetlands, Human-Ecosystem interactions in coastal wetlands, Climate change and Sea Level rise

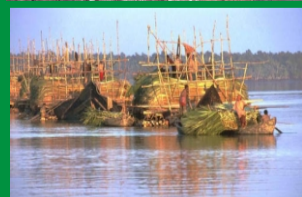

Dynamics of Coastal Groundwater

Environmental problems in coastal watersheds, Seawater intrusion in coastal aquifers, Tsunami impact on coastal groundwater, Isotope application, Groundwater flow and mass transport modeling for assessment and management of coastal groundwater resources and pollution in coastal aquifers, Toxic elements in coastal groundwater with special reference to arsenic, Sustainable management of coastal groundwater resource, Modeling and Prediction of Coastal environmental change

Management Aspects of Coastal Ecosystems

Impact of reduced freshwater flow and river interlinking on ecology of coastal environment, Role of remote sensing techniques and Geographic Information System (GIS) techniques in coastal zone management, Management of coastal systems through scientific and community participation approach with special reference to densely populated coasts (including the delta regions of South Asia and other developing countries), Policy, Legislation, Legal Protection and Management of coastal resources
